Year 1

Autumn 1 2018-2019

Maths

This half term we will be focusing on number and place value within 10.

This will include:

- Counting to 10, forwards and backwards, from any given number.
- Count, read and write numbers to 10 in numerals and words.
- Given a number, identify 1 more or 1 less.
- Identify and represent numbers using objects and pictorial representations including the number line.
- Using the language of: equal to, more than, less than (fewer), most, least.

Addition & subtraction

- Represent and use number bonds and related subtraction facts within 10.
- Read, write and interpret mathematical statements involving addition (+), subtraction (-) and equals (=) signs.
- Add and subtract one digit numbers to 20, including zero.
- Solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations and missing number problems.

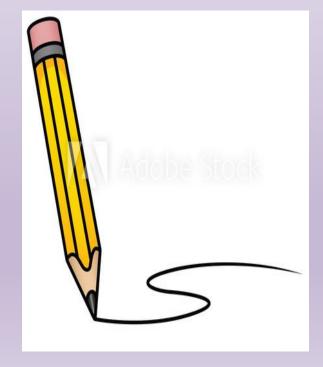

English

This half term we will be reading 'One Day on Our Blue Planet' by Ella Bailey. This term we will be focusing on:

- Practising pattern formation to prepare children for using cursive (joined-up) writing.
- Beginning to form lowercase letters in the correct direction, starting and finishing in the right place.
- Naming the letters of the alphabet in order.
- Composing a sentence orally before writing it.
- Saying out loud what we will be writing about.
- Writing sentences using finger spaces and full stops.

Other subjects

P.S.H.E

Being Me in My World

- •Discussing the similarities and differences between our friends.
- •To understand these differences make us all special and unique.

PE

We will be working on our coordination and static balance while strengthening our gross motor skills.

RE

Christianity

We will be learning to re-tell the Christian story and to explore how this influences how Christians behave towards nature and the environment.

Geography

- Name and locate the 7 continents and 5 oceans.
- Focus on Africa and the Savannah.
- Identify hot & cold areas of the world in relation to the equator and the North/South poles.

Science

Animals

We will be identifying and naming a variety of common animals, including fish, amphibians, reptiles, birds and mammals.

We will be describing and comparing the structure of a variety of common animals.

Helping at home

- Remember to listen to your child read <u>every day</u> and record this in their Reading Record. Ask them questions about their books *before*, *during and after* to ensure that they understand what they have read.
- Enjoying and making the most of everyday experiences.
 Counting and sharing toys, helping cook dinner, paying for items at the shop, observing nature and enjoying shared conversation.
- Learning homework may be set such as learning <u>spellings</u> or number facts.
- A weekly practice sheet is sent home on a Friday, due in on Monday.
