

Community Council 2017-18

Community Council is a group of children trying to make the world a better place. We aim to help and support various people and places. Our focus is to help the public in our local communities as well as in global communities around the world.

We attempt to raise awareness for homelessness, clean water, poverty and poor living conditions. We want to help people live better lives and support them in staying safe. We have supported many different countries over the past few years; we are currently supporting India for our global campaign. India is a country close to many of our hearts as some of us have been there. We want to raise money for the less fortunate and help to improve their living conditions.

As well as this, we organise different events and activities throughout the school year to raise money for charities and organisations.
