

*Year 1*

*Autumn 2*  
*2018-2019*

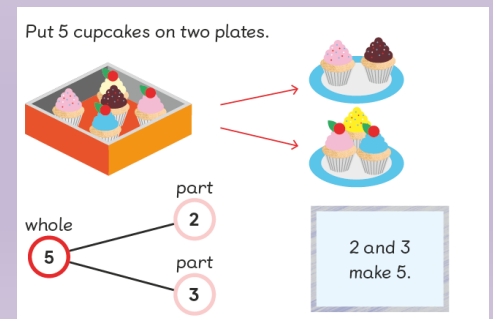

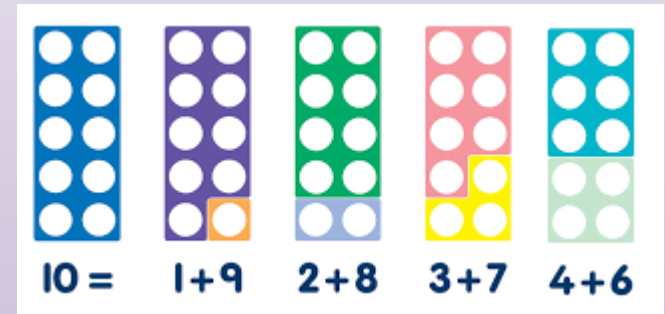

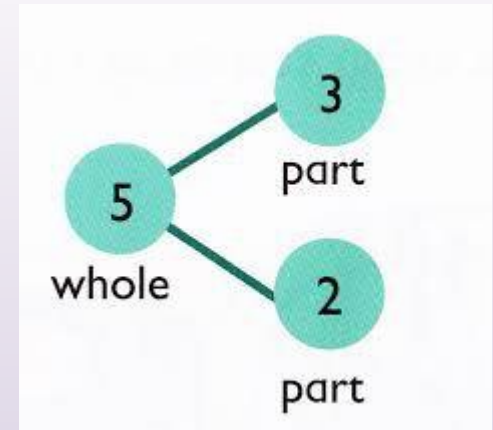

# Maths

This half term we will be focusing on:

- Part-whole model.
- Addition and subtraction.
- Number bonds to ten.
- Systematic method to find number bonds within 10.
- Comparing number bonds.

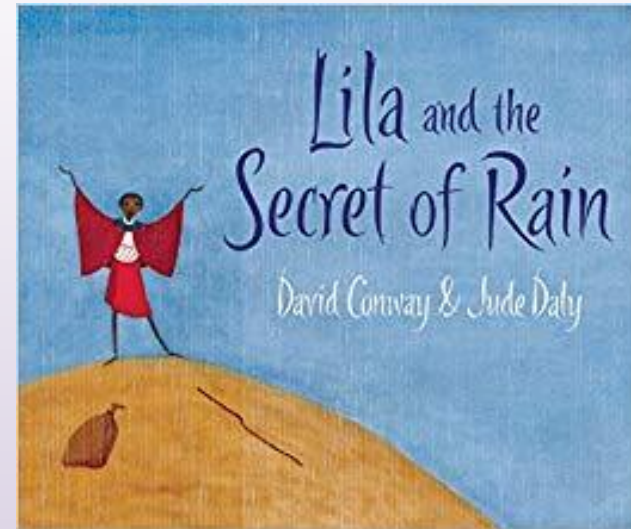

## Addition & subtraction

- We will continue learning the symbols to write number sentences (plus, minus, equal to).
- We will learn to solve additions by adding quantities together and by counting on from a number.
- We will start using the part-whole model to solve subtractions by finding a part.
- We will explore solving subtractions by counting back, finding the difference or taking away quantities.
- We will start solving addition and subtraction word problems.

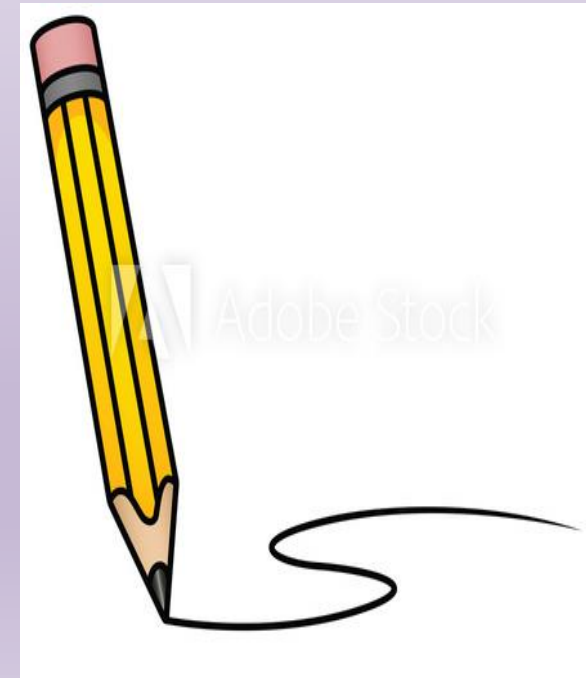

# English

This half term we will be reading 'Lila and the Secret of Rain' by David Conway.

This term we will be focusing on:

- Discussing the actions of characters and justify views on the basis of what is being said and done.
- Identifying components of a story - beginning, middle and end.
- Begins to join clauses with the word 'and'.
- Is using exclamation marks accurately.
- To write a narrative.
- Including some detail in writing to add interest, for example an adjective or simple simile.
- To write instructions.

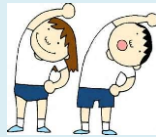

# Other subjects

## P.S.H.E

### Celebrating Differences

- Discussing the similarities between us and our friends.
- Discussing the differences between us and our friends.
- Making new friends.

## PE

We will continue working on our coordination and static balance while strengthening our gross motor skills.

## RE

### Christianity

We will be learning to re-tell the Christian Christmas story.  
We will have a school trip to St. Margaret's Church in Uxbridge.

## Geography

- We will continue looking at the continents in maps to locate our country in the world.
- We will start learning the countries that compose the UK and identify seasonal and daily weather patterns in the United Kingdom.

## Science

### Weather

We will begin to observe and describe the weather associated with the different seasons and to notice changes across the seasons.

### Animals

We will continue identifying and naming a variety of common animals and we will start learning to sort them by their eating habits, differentiating herbivores, carnivores and omnivores.

# Helping at home

- Remember to listen to your child read every day and record this in their Reading Record. Ask them questions about their books *before, during and after* to ensure that they understand what they have read.
- Enjoying and making the most of everyday experiences. Counting and sharing toys, helping cook dinner, paying for items at the shop, observing nature and enjoying shared conversation.
- Learning homework may be set such as learning spellings or number facts.
- A weekly practice sheet is sent home on a Friday, due in on Monday.
