The aim of this meeting was to look through the new Play Policy giving parents the opportunity to add their suggestions to the policy.

The following was discussed:

- Why a policy was needed – to safeguard the children
- Whether children would be forced to play in certain ways/areas – no, the aim is that pupils have free choice
- Why we felt the need to introduce this – it is part of a large project to make playtimes more stimulating and improve social play
- How could parents help – letters will be coming out soon asking parents to donate unwanted items that the children can play with.

Next meeting Wednesday 21st March 6pm
